I. INTRODUCTION TO THE PERSONNEL POLICY MANUAL

Welcome to the CAO family.

The purpose of this manual is to describe, to all management staff, employees, consultants and volunteers, the policies that the CAO Board of Directors has adopted to govern personnel matters.

The Executive Director has the responsibility to ensure that all employees and applicants for employment are treated in a non-discriminatory manner in all employment practices, including, but not limited to, recruitment, hiring, promotion, transfer, training, and compensation.

The CAO is funded through grants from various sources. Each grant is subject to its own specific set of rules and regulations. CAO will always endeavor to ensure that, if the criteria established in a specific grant for recruitment, hiring, promotion, transfer, training, or compensation is different from the terms and conditions of other grants, the specific conditions imposed by the grant, including its rules and regulations, will control the terms of employment for employees affected by that grant.

This personnel policy manual is *not a contract* guaranteeing employment for any specific duration. Although it is our hope that CAO employees will have an employment relationship that will be long term, all employees and CAO as the employer may terminate the employer-employee relationship *at any time, for any reason*, with or without notice, subject to any applicable collective bargaining agreement restrictions for covered employees.

The employment terms set out in this personnel policy manual work in conjunction with, and do not replace, amend or supplement any terms or conditions of employment stated in any collective bargaining agreement that a union has with CAO for employees covered by that agreement. In the event of a conflict between the express terms of this manual and the terms in a collective bargaining agreement, employees should consult the collective bargaining which will govern any such conflict between terms.

STATEMENT OF NEED

“...tens of millions of Americans are...maimed in body and spirit, existing at levels beneath those necessary for human decency. If these people are not starving, they are hungry, and sometimes fat with hunger, for that is what cheap foods do. They are without adequate housing and education and medical care...even more basic...this poverty twists and deforms the spirit. The American poor are pessimistic and defeated.... And they are victimized...here are the unskilled workers, migrant farm workers, the aged, the minorities and all others who live in the economic underworld of American life.”

Michael Harrington, **The Other America**, 1962.

MESSAGE FROM THE PRESIDENT

“Let us carry forward the plans and programs of John F. Kennedy, not because of our sorrow or sympathy, but because they are right.... This administration today, here and now, declares unconditional war on poverty in America...our joint federal-local effort must pursue poverty, pursue it wherever it exists. In city slums, in small towns, in sharecroppers’ shacks, or in migrant worker camps, on Indian reservations, among whites as well as Negroes, among the young as well as the aged, in the boomtowns and in the depressed areas.”

President Lyndon B. Johnson, **Message to Congress**, January 8, 1964.

THE LAW

“The United States can achieve its full economic and social potential as a nation only if every individual has the opportunity to contribute to the full extent of the capabilities of such individual and to participate in the workings of our society. It is, therefore, the policy of the United States to eliminate the paradox of poverty in the midst of plenty in this nation by opening to everyone the opportunity for education and training, the opportunity to work, and the opportunity to live in decency and dignity.” **Economic Opportunity Act of 1964, Section 2**

II. HIRING POLICIES

The purpose of this section is to set forth the hiring policies and procedures adopted for the CAO by its Board of Directors. This section describes the role that the Executive Director takes in all hiring decisions at the agency. The executive Director has been given the responsibility for the general management of the agency. As such, the Executive Director has the responsibility for ensuring that all employees and applicants for employment are treated fairly and equally in the terms, conditions, compensation, and privileges of their employment, pursuant to the applicable Federal, State, and local employment statutes, regulations, policies and this Personnel Policy Manual, as they may be from time to time amended, modified, or repealed by the CAO Board of Directors.

A. HIRING OF PERSONNEL (Anti-Nepotism and Shared Decision-making)

1. The Executive Director is responsible for all hiring throughout the agency. No representative of CAO, other than the Executive Director, has the authority to enter into an agreement of employment for any specified period of time in any Division, Department or Program of CAO. The Executive Director will abide by all Federal, State and local laws, rules and regulations, as well as funding contractual provisions (See especially CFR 45 HHS Section 1304.50(b)1 concerning relationships members of governing boards to the employer/Grantee).
2. The Head Start/Early Head Start Program Performance Standards requires the Policy council (hereafter referred to as PC) or Policy Committee to approve or disapprove decisions of the Agency to hire Head Start/Early Head Start staff. The Board of Directors of the CAO and the Head Start/Early Head Start staff working in cooperation with the PC jointly develop written procedures that implement the shared decision making requirements for the hiring of Head Start/Early Head Start staff.
3. The CAO may hire relatives of employees if they are the best qualified applicants for a position and the employment does not create an actual or perceived conflict of interest. No supervisor will be placed in a position of supervising a relative. Supervisors are responsible for reporting the potential for conflict of interest.
4. Romantic and/or intimate *personal relationships* between supervisors and those they supervise may create an actual or perceived conflict of interest or the appearance of a hostile work environment. If any Department Head or supervisor becomes involved in such a relationship, that person must immediately inform the

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

Executive Director or the Human Resources Director so that reassignment of one of the participants in the relationship may be considered.

* A personal relationship includes, but is not limited to, dating or living together as a family unit

5. CAO reserves the right to exercise its discretion (in hiring and placing immediate family members of its current employees, or individuals who have close personal relationships with current employees) in a manner calculated to eliminate potential conflicts of interest. To do this, CAO will take action that is fair and equitable and that will remove any direct reporting or management relationship between employees who are defined as immediate family or personal relationships above.

B. RESTRICTIONS ON POLITICAL ACTIVITY

1. CAO and its delegate agencies are deemed by the Community Services Block Grant Act of 1998, and as it may be amended, to be a State or local agency for the purposes of chapter 15, Title 5 of the U.S. Code, subparagraphs (1) and (2) of section 1502a, also known as the Hatch Act.
2. Programs assisted by the CSBG Act of 1998, and as amended, may not use program funds, the provision of services, or the employment or assignment of personnel in a manner supporting or resulting in the identification of such programs with:
 - a) Any partisan or nonpartisan political activity or any political activity associated with a candidate, or contending faction or group, in an election for public or party office;
 - b) Any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with any such election; or
 - c) Any voter registration activity. (CSBG Reauthorization Act of 1998, and as amended, Section 678F, subsection b)
3. Employees, volunteers, and Board members of CAO and its delegate agencies are advised to consult with the Human Resources Director of CAO to ascertain whether or not a contemplated political activity is restricted or prohibited by the Hatch Act or the CSBG and/or Head Start Reauthorization Act of 1998 and as those Acts may be amended.

C. COMPLIANCE WITH IMMIGRATION LAW

The Federal government requires CAO to employ only those persons who are authorized to work in the United States in compliance with the Immigration Reform and Control Act of 1986 and as it may from time to time be amended. As a condition of employment, each new employee must properly complete and sign an INS Form I-9 and provide the documents necessary to establish both identity and employment eligibility within three (3)

days of the date of hire. **Failure to comply with this requirement will result in immediate dismissal.**

D. EQUAL EMPLOYMENT OPPORTUNITY

1. Unlawful employment discrimination based on sex, race, color, creed, national origin, religion, age, disability, marital status, arrest/conviction record, or military status, or any other characteristic protected by law is prohibited by CAO in all of its divisions, departments and locations. All claims of employment or other workplace discrimination within CAO are treated seriously. Questions about or claims of employment discrimination shall be directed to the Human Resource Director.
2. CAO accommodates religious observances and practices that do not create unreasonable interference with productivity, employee safety or other recognized purposes and objectives of the Employer. Employees needing an accommodation on the basis of their religion must contact the Human Resources Director.

E. AFFIRMATIVE ACTION AND POSTING OF POSITIONS

CAO is an Affirmative Action employer, and makes every effort to assure that its work force represents the diversity of its labor market. Members of groups protected under Title VII of the Civil Rights Act of 1965 (and as amended) are given full consideration for employment, development, and advancement within the CAO corporate structure.

1. To implement this policy, all new or vacant positions are posted in all CAO facilities and delegate agencies for five business days for the benefit of current staff who may wish to apply. All postings include job title, salary range, minimum hiring qualifications, and closing date for filing applications. The Human Resources Department sends job postings to all CAO locations and delegate agencies on the effective day of each posting. It is the responsibility of each Department Head and delegate agency to designate a staff member at each location to be responsible for prominently displaying each posting on the employee bulletin board as soon as it is received.
2. Employees of CAO who meet the posted job qualifications for a vacant position are encouraged to apply, and will be considered for each position based upon their qualifications and ability to perform the job. Employees will not be “automatically” transferred or promoted to vacant positions, but must be interviewed and evaluated for hiring in the same manner as all other applicants.
3. After the “in-house” posting period is completed, or before at the discretion of the Executive Director in order to increase the pool of applicants, all new and vacant positions are posted with affiliated non-profit, social service, educational, and

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

community agencies or groups and/or agencies for at least five business days. CAO and delegate agency volunteers may apply for positions during this time.

4. If sufficient applications are not received through these postings, the position is advertised in the public media such as the Buffalo News, community newspapers, radio, television, Internet and the New York State Job Bank. This is the process that is followed for all programs, except those whose funding sources specify more stringent requirements (such as Community Development Block Grant and municipal grant programs). In those instances, CAO will adhere to the requirement of the funding source. (See also Section **H** below, - **PROMOTION**)
5. The posting process may be accelerated with written approval of the Executive Director.

F. RECRUITMENT

1. The objective of this section is to ensure that CAO recruits and selects dynamic, well-qualified staff who possess the knowledge, skills, and experience needed to provide high quality, comprehensive and culturally sensitive services to the targeted community (45 CFR 1304.52(b)(4)). The CAO offers staff, volunteers, consultants and members of governing boards' opportunities and support for ongoing training and development in the area of recruitment.
2. The CAO Board of Directors delegates the hiring of staff in accordance with these policies to the Executive Director. Nothing in these Personnel Policies is intended to give *individual* Board members or Board Committees a direct, day-to-day management function in CAO hiring procedures.
3. Temporary employees may be hired immediately, in response to urgent program needs, without a job posting. Program volunteers will be given preference when filling temporary positions. Temporary employees may not transfer to regular or seasonal status. However, they may apply for "in-house" posted positions in the same manner as any other employee of CAO and its delegate agencies.
4. The Board of Directors of the CAO, and its key management staff, working in partnership with the appropriate community, advisory or policy group develop, review, and approve the policies for the recruitment and selection of staff.

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

- a) Before the Executive Director hires a staff member, there must have occurred, at a minimum, the following documented activity:
 - (1) An interview with the applicant
 - (2) A verification of personal and employment/volunteer references
 - (3) A criminal or child abuse records check, if required by State regulation
 - b) The Human Resource Director reviews all relevant information and reports the findings and recommendation for personnel action to the Executive Director. CAO will make an assessment of the relevancy of any arrest, pending criminal charges, and/or conviction on a case-by-case basis.
- Failure to disclose the above information will result in immediate termination upon discovery.
5. The CAO Board of Directors, working in partnership with key management staff and the appropriate policy group, will share decision making in the recruitment and hiring of Head Start/Early Head Start staff that is consistent with the requirements of Head Start/Early Head Start regulations and the Program Performance Standards Guidance, and these Personnel policies.
 6. If circumstances of disagreement arise between the Head Start/Early Head Start Policy council and the Executive Director regarding specific Head Start/Early Head Start program hiring decisions, the CAO Board Impasse Policy will be followed.

G. HEALTH and the AMERICANS with DISABILITIES ACT

1. Staff members and regular volunteers of certain programs are required, by law or regulation, to have an initial health examination that includes screening for tuberculosis (TB), and a periodic re-examination as mandated by such law or regulation. The purpose of this requirement is to assure that employees do not pose a significant risk to the health or safety of others because of communicable disease.
2. CAO is committed to complying fully with all federal, state and local laws concerning the employment of qualified persons with disabilities. A qualified individual with a disability is one who meets the skill, experience and education or other employment requirements for the job being sought or held and can perform the essential functions of the job held with or without reasonable accommodations.
3. CAO prohibits discrimination against qualified individuals who have or who are perceived as having a disability with respect to selection and hiring, advancement, discharge, compensation, training, job assignments, classifications, organizational structure, position description, lines of progression, seniority or other terms, conditions and privileges of employment. Further, it is the CAO's policy to

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a job, unless doing so would pose an undue hardship.

4. Any employee who desires a reasonable accommodation to perform the essential functions of his or her job must submit a written request to the Human Resources with any supporting medical documentation. A medical examination by a CAO physician or other evaluation may be necessary to identify an appropriate and reasonable accommodation. CAO will endeavor to resolve all accommodation requests in as prompt a manner as possible.
5. The Genetic Information Nondiscrimination Act of 2008 (“GINA”) prohibits employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with GINA, we are asking that you do not provide any genetic information when responding to any request for medical information. “Genetic Information”, as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.
6. CAO has an Employee Assistance Program (see Section IV, Part L), which is available to all staff and their household members. The EAP can provide information and assistance to employees regarding mental health and wellness concerns that affect their job performance.

H. PROMOTION

1. Because CAO believes in promoting employees from within, the CAO job posting procedure allows all employees an opportunity to apply for positions throughout the agency that interest them and for which they are qualified. Present staff members (CAO and delegate agencies) will be given first consideration in filling vacancies, but promotion is not automatic solely on the basis of present employment with CAO or its delegate agencies.
2. An employee seeking a promotion or transfer to another position must meet the qualifications and be able to perform the essential functions of the posted position, with or without reasonable accommodation. The employee must be in good standing in terms of his/her overall work record.
3. Employees are responsible for monitoring job postings of interest to them and filing applications at the Personnel Department within the posting period. Employees are not required to notify their supervisor when they apply for a posted position, but should be aware that the supervisor will be contacted to give a recommendation if the employee is under serious consideration for selection to the position.

I. (Intentionally left Blank)

J. COMMUNICATION CHAIN

1. The CAO Board of Directors employs the Executive Director and delegates the responsibility of day-to-day administration of the organization to the Executive Director. Likewise, the Executive Director communicates staff and program needs and concerns directly to the Board of Directors.
2. An employee who wishes to communicate with the CAO Board of Directors, or any member, committee or subcommittee of the CAO Board of Directors, in any matter involving CAO or employment with CAO, should do so through the Executive Director or a member of the CAO management team specifically designated by the Executive Director (such as the official staff liaison to the Board committee or subcommittee).

K. ORIENTATION, MEETINGS AND TRAINING

1. CAO provides agency and programmatic orientation and training to employees at which attendance is required. Employees are paid for all time spent in required on-the-job training. The most common meetings and training programs are listed below. Employees may ask their Supervisors any questions they may have regarding required and recommended meetings and training.
2. New employees receive agency, Personnel, and program orientation. The Personnel Department provides orientation to the Personnel policies for all new

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

employees within the first week of hire. Agency orientation occurs within Personnel and Program orientations and at various agency functions throughout the year.

3. Each Department supervisor schedules meetings as needed for all employees in the department. Employees are required to attend those meetings on days they are scheduled to work.
4. Department supervisors provide ongoing opportunities for staff to acquire additional knowledge and skills as they become necessary to implement the goals and objectives of a program by scheduling training for various employees.
5. CAO management staff continuously implements a structured approach to staff training and development wherever possible, attaching academic credit whenever possible. This system of training is designed to build relationships among staff and to assist staff in acquiring or increasing the knowledge and skills needed to fulfill their job responsibilities.
6. Head Start/Early Head Start management staff provides ongoing opportunities for all employees working in Head Start/Early Head Start Projects to acquire the knowledge and skills to implement the Head Start/Early Head Start Performance Standards including:
 - a) Methods for identifying and reporting child abuse and neglect in accordance with New York State law using a helpful, rather than punitive attitude towards abusive or neglectful parents or care takers wherever possible.
 - b) Methods for planning for successful family transition to and from Early Head Start and/or Head Start.
 - c) Training or orientation to the role and responsibility of the Board of Directors of CAO and its delegate agencies.
 - d) Orientation and ongoing training to Head Start and Early Head Start Policy Group members to enable them to carry out their program governance responsibilities effectively.
7. If an employee's position at CAO requires a license or certification, the employee is responsible for maintaining that credential. The CAO permits time off from work to attend Continuing Education Unit (CEU) courses that the employee requires, when approved in advance by the Supervisor and Department Head. CAO will compensate employees for time spent at CEU training only when attendance at a specific class or training is required by the supervisor of the program. In all other instances, the employee is responsible for the cost of continuing education.
8. Time off from work for education or training exceeding one week is covered in Educational Leave, **Section V-G** of these policies.

L. TRIAL SERVICE AND PROBATIONARY PERIOD

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

1. Employees are the most valuable asset of CAO. It is important that newly hired employees are able to perform the responsibilities of their positions satisfactorily. The first 180 days of employment at CAO is an introductory, trial service period that CAO calls the “probationary period.” During this probationary period, the ability of the new employee to perform the job according to CAO standards and requirements will be evaluated in writing by the supervisor at, minimally, ninety (90) and 180 day intervals.
2. Employees who are transferred or promoted through the in-house posting policy must complete a ninety (90) day probationary period in their new position.
3. Employees terminated at any time during this probationary period do not have recourse to the problem resolution procedure (as outline in Section VIII below).
4. Successful completion of this probationary period does not guarantee continual employment but does provide “regular” or “seasonal” employee status.
5. New employee probationary periods may not be extended beyond 180 days without the expressed permission of the Executive Director, or, in the Director’s absence, the Human Resource Committee of the CAO Board of Directors.

M. AGENCY HOURS AND LUNCH BREAKS

1. The CAO Administrative Offices are open from 9:00 AM to 5:00 PM, Monday through Friday. CAO administers many programs with various hours of operation. Supervisors prepare employee schedules to meet the needs of the agency. It may be necessary for a supervisor to change work schedules from time to time, to meet agency needs. When this occurs, the supervisor will announce changes as far in advance as possible.
2. Unpaid lunch breaks, in accordance with local and state labor laws, are scheduled for all employees, and are at least one-half hour, but not usually more than one hour, in duration. No other work breaks are normally scheduled for CAO employees.

N. WORK CLASSIFICATIONS

1. CAO designates each employee position as either NONEXEMPT or EXEMPT from state and federal wage and hour laws. Additionally, employees are assigned an employment category which defines their benefit eligibility. It is important for each employee to understand their employment classification and category. An employee’s EXEMPT or NONEXEMPT classification may be changed only upon written notification from the Personnel Department.
2. NONEXEMPT employees are paid overtime at the rate of one-and-one-half times the employee’s regular hourly rate for time worked on behalf of the employer beyond forty hours per week. All overtime work (more than 40 hours per week)

must be approved in advance and in writing by the Supervisor and the Executive Director (or designee). Failure to comply with this policy will lead to disciplinary action.

3. If a NONEXEMPT employee works more than eight (8) hours in any work day, the employee and Supervisor must adjust the employees work hours on some other day(s) during the same biweekly payroll period so that the employee does not work more than forty (40) hours in any week, unless overtime has been approved in advance (see above).
4. EXEMPT employees receive a salary and are not paid overtime wages.

O. TIME SHEETS AND PAY DAYS

1. Accurately recording time worked is the responsibility of every employee. Federal and state laws require CAO to keep an accurate record of time worked in order to calculate employee pay and benefits.
2. Time worked is all the time an employee actually spends on the job performing assigned duties. CAO cautions employees against loitering on CAO premises when they are not actually working or performing a scheduled CAO or community function.
3. NONEXEMPT employees are required to complete a biweekly time sheet in order to be paid for each pay period they work. They should accurately record the time they begin and end their work, as well as the beginning and ending time of each meal period. They should also record the beginning and ending time of any departure from work for any reason.
4. The NONEXEMPT time sheet also serves as the activity report. All time sheets must be signed by the employee, certifying that the hours recorded are the hours actually worked. Each time sheet must be verified and approved by the supervisor, and/or the Program Director (or designee). Overtime work must always be approved in writing before it is performed.
5. In instances where an employee is unavailable at the end of the pay period, the supervisor prepares a time sheet on behalf of the absent employee based on available information, and signs his/her own name in the usual place to approve the employee's time sheet. The employee must sign the timesheet upon his/her return to work.
6. No employee is permitted to sign the name of another employee on any time sheet. Altering, falsifying, tampering with time records, or recording time on another employee's time sheet may result in disciplinary action. **Violations of this rule may result in disciplinary action up to and including termination for cause.**
7. The CAO work week is a seven day period which extends from Saturday to Friday. Each pay period consists of two consecutive workweeks. Employees generally receive their paychecks on the Friday following the completion of the biweekly pay

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

period. Any deviations from this practice must have written, advance approval of the Executive Director.

8. Employees may arrange for direct deposit of their paychecks into their bank accounts with written notice to CAO. Forms are available in the Personnel Office for this purpose. Employees will receive an itemized statement of wages when CAO makes direct deposits.
9. Final paychecks for terminated employees are mailed to the address of record unless the Fiscal Department receives other instructions from the employee.

P. EMPLOYMENT CATEGORIES

CAO has established the following three (3) employment categories. Each category may be full time status or part time status. CAO defines full time status as employment scheduled for at least thirty-five (35) hours each workweek. Employees who work less than thirty-five (35) hours each workweek are considered part time.

Regular: Employees who work continuously throughout the year.

Temporary: Employees who work on short term assignments of less than six months duration.

Seasonal: Employees who work in a program option less than 12 months in any Fiscal year.

NOTE: Independent contractors should not be subject to the CAO Employee Handbook and, thus, a handbook provision regarding independent contractors is not appropriate.

Q. CONSULTANTS AND VOLUNTEERS

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

1. Consultants may provide services to CAO on a contract basis. The contract will be prepared by the agency and must be signed by the consultant and a duly authorized representative of CAO before any services may be rendered. Consultants are not employees of the CAO.
2. Programs are encouraged to use volunteers. Except where impractical due to governmental or funding source regulations, programs must develop and implement a system to actively recruit, train, and utilize volunteers in providing services to the community.

R. STATEMENT OF EMPLOYMENT AND QUALIFICATIONS

1. A written job description that includes a statement of minimum qualifications, essential duties, and responsibilities is available to each staff member when he/she first reports to work.
2. A written statement describing each staff position, its roles and responsibilities, relevant qualifications, and salary grade is developed for each staff position at CAO. The job descriptions referred to above are functional – that is, they do not describe specific assignments, but are examples of areas of responsibility, and include the relevant duties for the position.
3. In addition to the above requirements, the Head Start Administrator must ensure that all job descriptions for Head Start and Early Head Start staff, consultants, and volunteers include, as appropriate, the qualifications set forth in 45 the federal regulations.
4. Descriptions of each staff position are retained in the Human Resource Office. In addition, many departments and programs, such as Head Start Administration and DART, must maintain a complete and current set of job descriptions for each staff position within that department or program.

S. PERSONAL PROPERTY ON EMPLOYER'S PREMISES

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

1. CAO reserves the right to inspect any packages or personal possessions brought into or removed from CAO premises by employees, visitors, volunteers, consultants, or customers. Notice of this right to inspect may be found on public access bulletin boards or near entrances of each CAO location.
2. The Employer also reserves the right to inspect the workplace and specific locations within the workplace, as well as employee possessions on CAO premises, when the Employer has business-related reasons to do so, and without advance notice to employees. Employees are reminded that closets, lockers, desks and file cabinets are the property of CAO, and employees have no right or expectation of privacy concerning personal items left on CAO premises, nor may employees place their own personal locks on CAO furniture, file cabinets, doors, or other CAO property.
3. Refusal of an employee to permit inspection of packages or possessions, or refusal to cooperate in a search, may result in disciplinary action, up to and including discharge.

T. USE OF EMPLOYER'S RESOURCES

1. CAO encourages employees to volunteer with community organizations and Boards that contribute to the betterment of our community. From time to time, the Executive Director may permit paid or unpaid time off to attend specific meetings or community service activities that have a beneficial effect for CAO. However, approval for the purpose of attending such a meeting or event must be requested in writing at least two weeks in advance. The request must be made to the Supervisor, who makes a recommendation to the Executive Director for paid or unpaid time off.
2. Employees may occasionally use the Employer's equipment, such as a computer, fax machine, photocopier, etc., to perform volunteer services for other community groups. However, employees may NOT do so on work time. Arrangements to perform outside volunteer work on CAO premises during non-work hours must be made with the Supervisor or Department Head.
3. Employees who use CAO supplies or materials to perform work for outside community organizations must reimburse CAO for the cost of the supplies and materials used. This can be arranged through the Business Office.

III. STANDARDS OF EMPLOYEE CONDUCT

A. EMPLOYEE CONDUCT

CAO's reputation for delivering high quality and effective services, and its reputation for executing its mission with high ethical standards and integrity has continued to develop

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

through its many years of struggle against the systems of poverty in our community. Employment at CAO means that every employee has the responsibility for representing CAO as a whole when the employee is engaged in executing his/her job assignment. In addition, an employee's unlawful conduct outside of his/her job requirements at CAO may have a negative impact on the good name and reputation of the CAO.

1. CAO employees and volunteers are expected to show due consideration and concern for co-workers, clients, contractors and vendors, as well as for the community at large. Employees and volunteers are expected to work together in the spirit of our CAO and national mission and vision.
2. CAO encourages employees to follow a personal code of conduct that fosters the well-being of everyone in the workplace and helps employees achieve their work related goals. Some examples of positive workplace behaviors include:
 - Maintaining personal cleanliness;
 - Cleaning your work space at the end of the work day;
 - Expressing your views and opinions without rancor or sarcasm, and without belittling or embarrassing co-workers;
 - Doing your fair share of work and contributing your best efforts always;
 - Completing your assignments on time;
 - Working with supervisors and co-workers as a team to improve work efficiency and quality;
 - Using CAO equipment and supplies responsibly to reduce operating costs.
3. This list is not all-inclusive, but demonstrates the level of behavior expected, at a minimum, in the workplace. Employees who fail to follow standards of positive behavior in the workplace may be subject to disciplinary action up to and including discharge.
4. Employees are encouraged to participate in activities that reflect positively on our organization.
5. Employees who engage in activities that are criminal or otherwise prohibited by law during their employment will be subject to disciplinary action up to and including immediate dismissal.

B. PERFORMANCE EVALUATIONS

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

1. The performance of all employees is evaluated on an on-going basis. Supervisors and employees are encouraged to discuss job performance on a day-to-day informal basis. In addition, regular written performance evaluations will provide an opportunity to discuss job performance, identify and correct weaknesses, and encourage strengths related to the job.
2. Written job performance evaluations are prepared during the new employee probationary period at ninety (90) and 180 day intervals, and made available to the new employee for training and work improvement purposes.
3. At least annually, the immediate supervisor will prepare and conduct a performance evaluation, or staff performance appraisal, based upon the written criteria contained on the performance evaluation form used for each job classification, specific to the duties and requirements of each position. The results of these reviews are utilized to identify staff training and professional development needs, modify staff performance goals, and assist each staff member in improving his/her skills and professional competencies.
4. CAO expects all employees to read and discuss their performance evaluations with their supervisor and to attach a written response or comments to the evaluation. Employees are required to countersign their evaluations, attesting to the fact that they have read the evaluation, whether or not they agree with its content. If an employee refuses to sign the performance evaluation, the immediate supervisor and the Department Head must document such refusal. Such documentation will include the fact that the employee was requested to acknowledge reading the performance evaluation and that s/he refused to sign, noting the date, time and place where the refusal occurred.
5. The completed and signed performance evaluation, with any attachments or supporting documentation, is the property of CAO and remains in the employee's personnel file, and should be treated as a confidential agency document by both the employee and the supervisor involved in the process.
6. CAO believes that the demands of a full-time employee's work schedule make it extremely difficult to perform a second job without serious impairment of job performance and discourages full-time employees from taking outside employment. If outside employment interferes with an employee's availability for work assignments, including possible overtime, or work performance, corrective disciplinary action will be taken.

C. REPORTING ABSENCES AND TARDINESS (and AWOL)

1. In order to serve our community effectively, it is important that employees be at their job promptly each day. If an employee will be late reporting to work, s/he must personally notify the supervisor at or before the scheduled starting time, in the manner the employee is instructed by the supervisor.

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

2. In the event that illness or injury prevents an employee from reporting to work, it is that employee's responsibility to personally notify the immediate supervisor within one hour of the usual starting time of that job. Failure to acquire approval, in advance, or to notify the immediate supervisor of absences or lateness in a timely manner, may result in discipline. Notification to anyone other than the immediate supervisor or the Department head (or designee) will not be accepted as proper notification.
3. When an employee is incapacitated due to an emergency, a member of the employee's immediate family or household (or a previously designated responder if there is no local family member) may provide the initial notification of an absence to the supervisor. Such notice does not relieve any employee from the obligation to notify his/her supervisor personally as soon as the employee is able to do so.
4. Any employee who does not notify his/her immediate supervisor of any absence or whose absence is not approved by the Supervisor is "**Absent Without Official Leave**". An unapproved absence will result in disciplinary action, up to and including termination. Anyone who is AWOL for three or more consecutive working days has voluntarily abandoned the job, and is removed from the active payroll of the agency.
5. Excessive tardiness or a pattern of tardiness is unacceptable and may result in disciplinary suspension from employment (without pay). If the tardiness is not corrected, termination will result. For example, tardiness of 15 minutes or more, three (3) times in a period of four consecutive weeks, is excessive tardiness.
6. Unplanned absences complicate the maintenance of accurate time records. Therefore, an employee who has been absent during regularly scheduled work hours must carefully record this information on the time record, showing the correct element code for the absence. Employees should carefully follow the guidance and requirement for each category of time off described in these policies.

D. ETHICAL GUIDELINES

1. CAO expects employees always to do what is legal, ethical and honest in performing all work-related duties and in all work-related activities and contacts. Employees must be fair and honest with customers, and clients; employees may not lie, mislead, steal from or mistreat coworkers, clients, customers, the agency or people and organizations with whom CAO does business.
2. There may be times when an employee faces an actual or potential conflict of interest (for example, a customer or vendor offers an employee some gift or service to get preferential treatment). Employees are to reject those opportunities of a real or perceived conflict of interest, and to make decisions that are in the best interest of CAO.
3. Employees may not receive any income or material gain from corporations or individuals outside CAO for materials produced or services rendered in the

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

performance of their duties with CAO. Employee are not to make decisions or take actions that are caused or influenced by offers of gifts, gratuities or favors to their own family or friends. (Generally defined as items or services valued over \$25.00).

4. Any employee who witnesses illegal, unethical or dishonest actions, as defined throughout this handbook by another employee must immediately report such information to a supervisor or another member of management.
5. Selling to or soliciting contributions, or distributing printed materials, for outside organizations from co-workers during regularly scheduled work time detracts from work performance and adversely effects the ability of programs to reach their goals and objectives. Employees who engage in such activities must pursue them outside of their regularly scheduled work time. An employee who performs “outside” activities during regular work time is, in effect, “stealing time” from the employer, which is unethical and dishonest. This policy also applies to visitors and other non-employees on CAO’s premises, who are not permitted to disrupt the work of employees.
6. Employees of the CAO may not have any direct or indirect financial interest in any firm doing business with the CAO. If an employee is uncertain whether his/her relationship with a firm doing business with CAO is a direct or indirect financial interest, the employee must make a full disclosure of the facts and circumstances of the involvement with such firm to the Executive Director (or designee) and receive a ruling from CAO.
7. CAO employees may not perform work for any other employer that is in the same business or activity as the CAO, or is in any way in competition (such as program, grant funding, etc.) with CAO.
8. An employee, who does not behave fairly, honestly and/or ethically, as defined in this handbook when performing duties for the agency will be subject to discipline, up to and including termination of employment.

E. WHISTLE BLOWER POLICY

Employee Protection (Whistleblower) Policy

It is the intent of the Community Action Organization of Erie County, Inc. to adhere to all laws and regulations that apply to the organization. Therefore, the underlying purpose of this policy is to support the organization’s goal of legal compliance. The support of all employees is necessary to achieving compliance with governing laws and regulations. Acting in Good Faith:

An employee who files a complaint of a violation or suspected violation of the law must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation of laws or regulations governing the Agency. Allegations that prove to be unsubstantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

Handling of Violation /Complaint:

Upon receiving a complaint the Executive Director and/or the Board Chair will promptly investigate the complaint. Appropriate corrective action will be taken, if warranted by the investigation.

F. IN-KIND GOODS AND SERVICES

1. “In-kind” gifts or services to the agency are not personal gifts or gratuities. “In-kind” goods and services, from contractors, potential contractors and volunteers, are a part of the required “local share” for many programs operated by CAO.
2. All in-kind goods and services are documented in accordance with CAO Fiscal Policies and credited to the correct program or element code.
3. All employees are encouraged to obtain and document donations of goods and services for the benefit of CAO and its programs.

G. HARASSMENT AND DISCRIMINATION

1. CAO prohibits any form of unlawful harassment of, and/or discrimination against employees and co-workers based on race, color, religion, gender, national origin, age, marital status, and veteran status, the presence of disabilities, or any other legally “protected” characteristic or status.
2. Harassment is defined as verbal or physical conduct which is offensive or intimidating and
 - a) Has the effect of unreasonably interfering with an individual’s work or job performance, or
 - b) Where submission to or rejection of such conduct is used as the basis for employment decisions, or
 - c) Creates an intimidating, hostile or offensive work environment
3. Illegal discrimination is defined as actions and/or decisions taken because of an individual’s legally-protected characteristics or status which result in harming, limiting or reversing the individual’s employment status and/or employment opportunities.
4. Some examples of possible illegal behavior are listed below. This list is not intended to be exhaustive or all-inclusive; but illustrates the types of behaviors that CAO deems inappropriate and intolerable.
 - Expressing comments, jokes, puns, innuendoes, bantering, and/or teasing based on an employee’s protected characteristics or status that demean, insult, or offend another person.

PERSONNEL POLICY HANDBOOK

 - Showing or displaying sexually explicit objects or illustrations in the workplace or while in the performance of duties for the Employer,
 - Offensive jokes, comments, or innuendoes that are sexually explicit,
 - Writing and/or sending offensive notes, memos, e-mail, faxes or other communications that are sexually explicit
6. CAO also prohibits unwelcome sexual advances, requests for sexual favors and other unwelcome conduct, verbal or physical, of a sexual nature when
- Submission to such conduct is made either explicitly or implicitly a part of the terms and conditions of a person's employment.
 - Submission to or rejection of such conduct by a person is used as the basis for employment decisions effecting that person
7. An employee who engages in these types of behaviors is subject to disciplinary action, up to and including termination
8. CAO treats all complaints of unlawful harassment or discrimination seriously. Further information on this subject can be found in Section VIII, part B. - Harassment and Discrimination Complaint Procedure, of these policies.

H. SUBSTANCE ABUSE

Employees are expected to report to work on time and in appropriate mental and physical condition for work. All employees are prohibited from being under the influence of alcohol or illegal drugs during work hours. It is our intent and obligation to provide a drug-free, healthful, safe and secure work environment.

It is the agency's policy to require all individuals to take and pass a post-offer pre-employment drug test.

Additionally, *any person* whose performance, behavior or physical attributes suggests the influence of an illegal substance, may be subject to 'reasonable suspicion' drug testing at the request of management.

The sale, possession, manufacture, transfer or purchase of illegal drugs on agency property or while performing agency business is strictly prohibited. Such action will be reported to the appropriate law enforcement officials.

The use, manufacture, sale or possession of an illegal drug, alcohol, or controlled substance while on duty is cause for disciplinary action up to and including termination.

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

All employees must notify the CAO Executive Director, through the Human Resources Office, of any criminal drug arrest or conviction no later than five days after such conviction.

If prescription drugs are brought on agency property by any person other than the one for whom it is prescribed, that individual may be required to provide proof that such drugs will be used only in the manner, combination and quantity prescribed.

The substance abuse testing process will include information regarding legal substances that can affect the outcome of the test.

The agency recognizes drug dependency as a serious health problem. The agency also recognizes drug abuse as a potential health, safety and security problem. Employees needing help in dealing with such problems are encouraged to use the EAP and our health insurance plans, if eligible for coverage, as appropriate.

Conscientious efforts to seek help will not, by themselves, jeopardize employment with the Agency.

As a condition of employment, employees must abide by the terms of the above policy.

SUBSTANCE ABUSE DISCIPLINARY PROCESS

Upon observation or information, supervisors have the right and obligation to address employees who may be under the influence of alcohol or illegal drugs while in the workplace.

First Offense

The employee will be removed from current duty and sent immediately for drug/alcohol testing. If the test results are positive for alcohol, the employee may be allowed to return to work on the next scheduled work day, depending on the circumstance of each individual case. The employee will be given an oral counseling, the record of which will be filed in the employee's active personnel record.

If the employee tests positive for illegal drugs, the employee will be removed from current duty and referred to the EAP with the expectation that s/he will enter and successfully complete a substance abuse rehabilitation program. The employee will remain off-duty until such time that the rehabilitation program certifies that s/he has successfully completed the prescribed treatment program.

If the drug/alcohol test results are negative, the employee will be returned to duty and no documentation will be filed in the individual's personnel folder. If the testing was requested due to deteriorating job performance and/or

unacceptable or unusual behavior on the part of the employee, the supervisor may choose to initiate the performance disciplinary process.

If the employee refuses to take part in a test, s/he will be considered insubordinate, and may be subject to disciplinary measures, up to and including termination.

Second Offense (Alcohol or Illegal Drugs)

The employee will be referred to a substance abuse treatment program, and may be terminated from the agency. Upon successful completion of the program, the individual may reapply for employment with the agency.

In the event that a former employee is hired, the individual must pass a pre-employment drug test, regardless of the position for which he/she has applied.

Random Substance Abuse Testing

All staff in positions identified in the Substance Abuse policy will also be subject to periodic and random substance abuse testing. This process will supplement the current policy to the extent that individuals in the identified jobs (jobs may be added as appropriate as a result of future organizational changes) who have had an initial substance abuse screening will be retested randomly but at least bi-annually. Additionally, any person who tested positive will be subjected to a follow-up screening on a random basis during the 12-month period following the completion of his/her rehabilitation program.

Process

The Human Resources Director will randomly select individuals for screening using an approved software program.

I. SMOKE FREE WORKPLACE

It is imperative that one person speaks for the CAO to deliver an appropriate message and to avoid giving misinformation in any media inquiry. The intent of this policy is to designate a spokesperson who will make official statements for the CAO, and not generally prohibit employees from communicating with the media.

L. CONFIDENTIALITY

3. Employees may discuss confidential information only with those staff members and employees who have a work-related need to know. Confidential records are not removed from CAO premises except to be transported in an official and confidential manner from one CAO location to another for business purposes. Employees who improperly use or disclose confidential information of the agency, persons served by the agency, or other employees, will be subject to disciplinary action, up to and including termination of employment.

4. Employees needing to make or receive personal long distance calls from CAO telephones must receive advance approval from their supervisor. Such calls may be approved in emergencies. In order to obtain proper insurance coverage, the employee must submit a copy of his/her current NYS Driver's License to the Transportation Supervisor.

6. Employee's assigned CAO vehicles on a continuous basis must have regular services performed to properly maintain the vehicle, ensuring that the vehicle is safe and road-worthy at all times. If an employee believes a CAO vehicle is unsafe, the employee should arrange for the repair of the vehicle through his/her supervisor, and should not drive the vehicle until it is again safe to drive.
7. Employees who violate these policies may be subject to disciplinary action, up to and including termination.

S. LOST, DAMAGED and STOLEN PROPERTY

1. CAO provides some employees with equipment and property to assist them in performing their job duties when outside the workplace. Much of this equipment and property, such as cellular phones, computers, modems, etc., have value in excess of \$100.00. Employees who are provided with CAO-owned equipment or property, or who take CAO equipment or property out of the workplace for approved reasons, have a responsibility to protect the property and equipment from being damaged, lost or stolen.
2. If the equipment or property placed in the care of an employee is damaged, lost or stolen because of the negligence or willful disregard of the employee, the employee will be subject to discipline, up to and including termination.

IV. MISCELLANEOUS PERSONNEL INFORMATION

A. PERSONNEL FILES

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

1. The applications for employment and employee benefits form the basis of each personnel file. CAO relies on the accuracy of information employees present on their employment applications, as well as the accuracy of other information and data employees provide throughout the hiring process and during the course of their employment, in order to properly administer employee benefits and compensation. Any misrepresentation, falsification, or significant omission in any of this information may result in disciplinary action, up to and including termination.
2. Each employee is responsible for notifying Human Resources about changes in his/her name, address, telephone number, marital status, number of dependents, or any other information that might affect his/her employment or benefit records. Incomplete and outdated information could interrupt benefits for employees or their families, cause inappropriate amounts of withholding from paychecks, or cause difficulty in notification in case of emergency.
3. The Employer may investigate an employee's background, employment history, credentials and qualifications at any time during the employment relationship. If, the Employer discovers that the employee has intentionally given false answers or false statements, or has intentionally omitted correct and pertinent information in any document used to obtain or advance employment, the employer may modify the employee's status, reassign, discipline or terminate the employee, regardless of the time elapsed before the discovery.
4. Personnel files are the property of CAO and are used by CAO in making employment decisions. Access to them is restricted to legally authorized officials, and representatives of CAO who have a legitimate need to know.
5. No documents may be removed from Personnel files, and no copies of Personnel documents maybe made, without the knowledge and approval of the Human Resources Director or duly retained agency Counsel. Tampering with Personnel files is a serious offense that will result in disciplinary action, up to and including termination, and possible legal prosecution.

B. OTHER RECORDS KEPT IN PERSONNEL

1. Medical/disability records are highly confidential and are separated from other personnel files. They may not be reviewed by anyone other than Human Resource staff, the Executive Director, legally authorized governmental officials or insurance providers with a need to know, unless the employee executes a signed and notarized release form indicated which documents may be released and to whom they may be released.
2. After a job offer is extended and before beginning work, candidates for employment in specified programs (i.e., Head Start, DART) are required to undergo a pre-employment and/or annual physical examination. Offers of employment and assignment to job duties in programs that require physicals by

funding source regulations are contingent upon satisfactory completion of the physical examination.

Information regarding physicals, immigration status, State Central Registry Child Abuse clearances, criminal record checks and fingerprint records, health insurance benefits, Workers Compensation, disability, personal financial information, payroll deductions, and other highly confidential employee information is kept in other files separate from the Personnel file from which employment decisions are made. Access to them is restricted as in B-1 above. Employee personnel information will be disclosed in accordance with the law for any NLRA-related matters.

C. REFERENCES

1. Only the Human Resource Office is authorized to respond to outside requests for information on current and former employees. All such inquiries must be referred to the Personnel Office.
2. The Human Resource Office responds to reference inquiries in written form only, and will not provide reference information over the telephone.
3. When providing written information in response to a properly authorized written reference or income verification request, the Human Resource Office will provide factual, job-related information.
 - i. In response to authorized reference requests, the Human Resource Office provides dates of employment and position title only.
 - ii. In response to authorized income verification, the Human Resource Office provides only the information that is legally required. If the employee has signed a specific information release, the specifications of the release will be followed. If the employee has not signed a release and CAO is required to release information to a legal authority, the employee will be informed after the required release of information by a Personnel Memorandum.

D. EMERGENCY CLOSINGS

1. If severe weather or natural disaster (such as flood, blizzard, etc.), strikes Erie County, employees should use their best judgment or obey the directives of the City and County Emergency Officials in deciding whether to report to work. If employees are already at work when severe weather or emergency strikes, they should take shelter in the safest area of the workplace or seek appropriate shelter. If employees become aware that a severe weather emergency or natural disaster is approaching, they should seek safety, go to the safest area of the workplace, or go home, if that is safely possible, immediately.
2. Agency closings are announced by the Executive Director through WBEN Radio located at 930 AM, WIVB-TV, channel 4, and other news media where available.

If an emergency travel ban is announced by any municipal authority, employees who live, work, or are required to travel through that area are not expected to report to work during the travel ban, unless they are authorized to perform emergency services for a specified purpose. The Executive Director and informed Supervisors will give instructions regarding other emergency closings in specific programs or locations as needed.

V. COMPENSATIONS AND BENEFITS

A. SALARIES AND FUNDING SOURCE LIMITATIONS

1. Salary increases are usually incremental at the beginning of each fiscal period, and may also be paid upon obtaining a promotional position or upon the completion of an applicable probationary period. Salary increases are computed on the current guidelines from the funding source, provided that funds are available. All non-probationary employees who have worked three months or more in their job title may be eligible for a subsequent annual incremental increase, provided that employee has met the performance standards for his/her current job duties and responsibilities.
2. CAO may also award a one-time non-incremental incentive compensation to eligible employees. Employees who have worked at least six months in a program or department are eligible to be paid an incentive compensation, if allowed by the grant for which services are performed, based upon each employee's contribution of effort to the program or department operation, such as cost reduction, efficient performance, billed time, supervision of additional staff, and other contributions to the development of the organization's services.
3. The determination of the criteria for an incentive compensation award must be established before the end of the applicable program's budget year. CAO recognizes the contributions of efforts made by employees during the period before the incentive compensation award for the purpose of incentive compensation. The incentive compensation award cannot cause the overall compensation paid to any employee to rise above the agency salary scale for the position the employee held during the period covered by the incentive criteria. In the absence of a salary scale for a position, the "average rate of pay in the metropolitan statistical area" will provide the standard which must not be exceeded. Incentive payments may be made in such amounts as permitted by the program budget. All non-incremental incentive payments must be approved by the Department Head, Grants Administrator, Personnel Director, Executive Director, and the governing bodies of the program and agency. Incentive compensation may be paid only to eligible employees whose most recent performance evaluation meets or exceeds program performance standards and who have continued in the performance of their duties of employment with CAO at the time such payment is approved and paid.
4. When cost of living (COLA) salary increases are approved for a specific program, they will be administered according to the guidelines of the funding source for that

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

program. Regular employees whose employment terminates more than two weeks before the official (written) funding source authorization of any COLA are not eligible to receive such COLA.

5. Seasonal employees may be paid COLA salary increases during periods when their program is not actively operating, where they are eligible for rehire for the upcoming program session.
6. Temporary increases in compensation for additional duties and/or responsibilities may be paid by CAO for specific periods of time depending on program needs and/or funding source requirements. Employees who receive such temporary increases will be informed in writing of the amount of increase, the nature of the additional duties/responsibilities they are required to perform, and the applicable period in which they are expected to perform these additional duties/responsibilities. Temporary increases are administered through the CAO Wage Scale Plan Implementation Procedure when sufficient funds are available.

4. The CAO Board of Directors may, from time to time, allow voluntary benefit plans to be offered to employees through payroll deduction plans. The CAO Board of Directors does not endorse any insurers or other vendors who may offer such voluntary plans to CAO employees. CAO permits voluntary benefit plan offerings only insofar as they provide a convenience for sufficient numbers of interested employees.

2. Jury duty must be documented before the necessary absence from work.
3. In cases where an employee may be on call for jury duty, but not required to serve on a jury for a particular day, the employee is required to report to work in accordance with the regular work schedule. G. EDUCATIONAL LEAVE

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

1. The Executive Director may grant Educational leave without pay, for a period of up to one year, to employees with at least twenty-four months of continuous regular or seasonal full time employment. Extensions of Educational leave without pay beyond the twelve month period must be approved by the CAO Board of Directors.
2. Educational leave may be approved if the course of study is related to the work performed by the staff member or prepares the staff member for upward mobility within the agency.
3. All requests for educational leave must be submitted in writing to the Executive Director, accompanied by documentation indicating the duration of the leave requested and the nature of the course of study.
4. Employees on educational leave do not earn any employee benefits except seniority. Accumulated vacation leave must be liquidated before the start of the educational leave. Where the unpaid educational leave continues beyond one month (30 days), the employee no longer retains CAO paid benefits (including, but not limited to, health insurance, vision insurance, dental insurance, group term life insurance, group long term disability insurance, NYS Workers Compensation Insurance, NYS Short-term Disability Insurance, Employee Assistance Program) unless required by law, regulation, or the particular provisions of the plan.
5. Upon return to work after the educational leave, sick leave in the amount remaining to the employee at the start of the educational leave is restored.
6. Employees on educational leave must notify their immediate supervisor and the Human Resource Department of the intended return-to-work date at least two weeks prior to the ending date of their approved leave, so their name may be returned to the payroll. If a person on educational leave does not return to work as scheduled, they are AWOL and subject to the disciplinary policy of the agency.

H. MILITARY LEAVE

1. Employees who are absent from work due to service in the uniformed services, including, but not limited to, service in the armed forces of the United States or the Armed Forces reserves, the National Guard, or another commissioned corps of public service, will be granted a leave of absence in accordance with federal and state laws governing such leaves.
2. When an employee will be absent under the military leave policy, the employee may elect to receive his/her accumulated paid time off during the period of absence. This request must be made in writing and approved on the form provided by CAO for PTO in the usual manner. When the employee elects to receive PTO during an absence for military leave, the paid time will not be included in the five year maximum accumulation period.
3. If an employee will be absent due to military leave more than 30 days, the employee and any eligible dependents are entitled to COBRA medical insurance coverage. If the period of military leave is 30 days or less, the employee and

eligible dependents will continue to be covered under CAO's health insurance plan in the same manner as when the employee is working.

I. TIME OFF TO VOTE

CAO encourages all employees to exercise their right to vote in Federal, state and local elections. If possible, you should schedule your voting activities during non-work hours. If you have four consecutive hours between either the opening of the polls and the beginning of your shift, or the end of your shift and the closing of the polls, you are presumed to have sufficient time in which to cast your ballot. However, if you have less than four hours between the opening of the polls and the beginning of your shift, and the closing of the polls, you may take reasonable time off to vote. We will provide up to two hours of paid leave to employees who meet these criteria, provided that you notify your supervisor of your need for voting leave at least ten days prior to the election in which you desire to use the leave. You must take the Voting leave at the beginning of your shift, prior to reporting to work, unless you and your supervisor agree otherwise.

J. BLOOD DONATION LEAVE

Unless otherwise required by applicable law, upon request, employees working 20 or more hours per week on average will be given three (3) hours of unpaid time off in each twelve month period to donate blood. You must obtain approval from the Human Resources Department prior to scheduling an appointment to donate blood. The CAO may, due to business necessities, deny a request for a particular leave time and require that the leave be taken at a more appropriate time. You will be required to provide documentation to verify blood donation leave and enable the CAO to classify the time spent out of the office. Retaliation for requesting leave of absence for purposes of donating blood is prohibited.

K. BONE MARROW DONATION LEAVE

Unless otherwise required by applicable law, upon request, eligible employees will be given unpaid leaves of absence to undergo a medical procedure to donate bone marrow. The combined length of the leaves will be as determined by the physician conducting the procedure, but may not exceed twenty-four work hours, unless otherwise agreed by CAO. Employees will be required to provide documentation from the physician conducting the procedure to verify the need for and length of bone marrow donation leave.

L. NURSING MOTHERS

In consideration of working mothers who may be lactating, CAO will provide a reasonable amount of break time to accommodate an employee desiring to express breast milk for the employee's child (infancy up to three years of age). If possible,

such break time should be taken during the rest breaks already provided to the employee. Any additional breaks taken to express milk may be unpaid. CAO will make reasonable efforts to provide a room or other location for the employee to express milk in private. If you are in need of such an accommodation, please contact your supervisor as soon as possible so that any necessary arrangements can be made. The agency prohibits discrimination on the basis of the need to express breast milk.

M. (Intentionally left Blank)

N. BENEVOLENT LEAVE

1. All employees who have accumulated 240 hours or more of sick leave may designate up to 24 hours in any twelve month period to be used by a CAO employee who has an FMLA-qualified illness or injury that requires the use of all his/her sick leave and paid time off.
2. Employees who wish to “donate” sick leave must complete a Benevolent Leave Designation form, which must be approved by the Executive Director. Once approved, the Personnel Office will notify payroll processing of the leave designation. If any donated sick leave remains unused, it will accumulate in a “benevolent sick leave bank” for future use, unless the donating employee requests otherwise at the time of donation.
3. Benevolent leave will not be paid by CAO if the employee is or will be receiving NYS Short-term Disability Benefits or Group Long-term Disability Insurance under a CAO Plan.
4. Employees may contact the Human Resource Department for more information about Benevolent Leave.

VII. RESOLUTION OF COMPLAINTS: TITLE VII ISSUES

CIVIL RIGHTS ACT OF 1964(AS AMENDED)

CIVIL RIGHTS ACT OF 1991 (AS AMENDED)

AGE DISCRIMINATION IN EMPLOYMENT ACT

AMERICANS WITH DISABILITIES ACT

A. MATTERS RELEVANT TO DISCRIMINATION COMPLAINTS

1. All employees who believe they have been illegally harassed, intimidated, coerced or discriminated against must immediately file a complaint with their supervisor or the Human Resources Director.

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

2. CAO expressly prohibits any form of unlawful harassment or discrimination that interferes with the ability of any employee to perform his/her job duties.
3. Federal and state law prohibit employment *discrimination* based on race, color, sex (gender) and marital status, national origin and citizenship, religion and sincerely held moral and ethical beliefs, age (over 40), disability, arrest/conviction record (unless directly related to employment qualifications) and military status. *Illegal employment discrimination* includes actions and/or decisions, taken because of an employee's "protected" characteristics or status, which limit, harm, or otherwise adversely affect his/her employment status or opportunities.
4. *Harassment* is defined as severe, pervasive, offensive and unwelcome verbal or physical conduct which is insulting or intimidating, and either has the effect of unreasonably interfering with an individual's work or job performance; or creates an intimidating, hostile or offensive work environment.
5. The Human Resources Director will investigate complaints of discriminatory conduct and harassment in the workplace. The HR Director also makes recommendations regarding appropriate disciplinary action when a complaint has been verified.
6. Any employee who witnesses harassing behavior in the workplace has a duty to report it to a Supervisor or the Human Resources Director. Any Supervisor or Department Head who becomes aware of harassing behavior must immediately report it to the HR Director or the Executive Director, and must immediately act to end the harassing behavior. Retaliation against individuals who complain or participate in any investigation concerning harassing behavior is strictly prohibited. Employees who believe they have been subject to retaliation should file a report with the Director of Human Resources.
7. Persons involved in the filing or investigation of a Discrimination or Harassment complaint may be required to maintain confidentiality regarding the investigation depending on the facts and circumstances of the complaint and all related matters. To the extent any of confidentiality is imposed, individuals will only be permitted to discuss the matter and information involved in the complaint with persons who have a "legitimate need to know". Questions about confidentiality should be referred to the Human Resources Director.

B. HARASSMENT AND DISCRIMINATION COMPLAINT PROCEDURE

When the alleged harasser is not a supervisor, the offended employee must report the offending behavior to the Supervisor. In many situations, the offending employee is not fully aware that his/her conduct is unacceptable. The Supervisor will meet with the alleged harasser regarding the offensive behavior, review these Personnel Policies with the offending employee, and advise the alleged harasser of the employment consequences for continuing the offensive behavior. In cases of severe harassment, appropriate discipline up to and including discharge will result

subject to any just cause standards or restrictions of collective bargaining agreement.

VIII. DISPUTE RESOLUTION PROCEDURE

A. GUIDELINES FOR PROBLEM RESOLUTION

1. In any workplace, misunderstandings and problems may occur between coworkers. Because misunderstandings and problems in the workplace can have an adverse impact on the quality of the employment relationship and on the quality of our services, the Employer will assist employees in resolving and eliminating misunderstandings and problems in the workplace.
2. Every employee of CAO, regardless of position or title, will treat coworkers with respect in a fair manner at all times. If any employee believes s/he is not being treated fairly or with respect, or if an employee believes that a mistake has been made in the administration of a policy, practice or condition of employment, the employee has the responsibility to inform management so that management can resolve the matter promptly and effectively.
3. Supervisors have the responsibility to address all questions, concerns, problems or grievances raised by employees in a manner appropriate to the issue raised. Supervisors also have the responsibility to investigate serious matters and provide employees with responses as promptly as possible.
4. The Employer does not tolerate any form of retaliation against an employee who properly uses this problem resolution procedure in good faith. Any employee or member of management who retaliates against an employee for using this procedure in good faith may be subject to disciplinary action.
5. This problem resolution procedure is to be used as a guideline to an informal and amicable process for solving problems in the workplace. The use of this procedure does not in any way limit, prevent or delay the Employer's right to initiate disciplinary action, where appropriate and necessary.
6. Wherever the word "days" is used in this policy, the Employer is referring to regular CAO workdays. The limit of "days" may be extended because of previously approved Paid Time Off, brief episodes of sick leave, agency-required travel or necessary but unforeseen absences of the responding party. The limit of "days" may also be extended by mutual agreement of the parties involved.

B. THREE STEP PROCEDURE

1. **First Step:** the employee must make an attempt to resolve the problem, conflict or complaint in an informal, verbal discussion between the employee and the Supervisor. The Supervisor will create and retain a synopsis of the discussion in his/her supervisory notes.

2. **Second Step**: if the employee cannot reach an acceptable resolution within five (5) days of initiating the informal, verbal discussion, the employee may file a **Problem Resolution Statement** form, which can be obtained in the Personnel Office. This must be completed and presented to the Department Head within ten (10) days of the initial informal, verbal discussion that was held with the Supervisor.
3. The Department Head will investigate the matter raised in the **Problem Resolution Statement**, and will respond within ten days of receiving it.
4. **Third Step**: if the employee is not satisfied with the resolution offered in the Department Head's response, the employee may file a copy of the **Problem Resolution Statement**, including the Department Head's written response, with the Executive Director. This must be done within ten (10) days of the Department Head's written response.
5. The Executive Director will arrange a personal appointment with the employee within five (5) days of receiving the filing of the **Problem Resolution Statement**. The Executive Director will conduct whatever investigation s/he deems appropriate.
6. Within fifteen (15) days of receipt of the employee's written filing, the Executive Director will communicate his/her decision to the employee and the Department Head. **The Executive Director's decision is final.**
7. Copies of all statements, information relating to the statements, and decisions will be placed in a separate file maintained by the Personnel Division. No copies will be placed in employee files.

IX. REVISION AND AMENDMENT OF PERSONNEL POLICIES

A. REVISION BY THE CAO BOARD

The Personnel Policies contained in this manual do not constitute a contract of employment. This Personnel Policy Manual is not intended to create a contract of employment. It is simply intended to describe the CAO and its present personnel policies, which supersedes all prior personnel policies, and may be changed, revised or amended at any time, by the Board of Directors, in its sole discretion, without prior notice. Employment with CAO can be terminated with or without cause, and with or without prior notice, at any time at the option of either the employer or the employee. No one has the authority to make any verbal statements of any kind at any time which is legally binding on CAO and which are not consistent with this paragraph.

B. REVISION BY STATUTE OR REGULATION

Whenever any statute, regulation or grant requirement changes, such change will be implemented as required and will automatically be incorporated into these policies to whatever extent is necessary to remain in compliance with governmental regulations and legally constituted grant requirements.

X. APPENDIX

A. FMLA

This Family and Medical Leave Act (the “FMLA”) policy outlines the procedures that CAO will follow in providing employees with leave under the FMLA.

Employee Eligibility

To be eligible for FMLA Leave, an employee must:

- 1) have worked for CAO for at least twelve (12) months;
- 2) have worked at least 1,250 hours during the twelve months immediately preceding the commencement of the leave, and
- 3) be employed at a location where 50 or more employees are employed by the CAO within 75 miles of that location.

Leave Entitlement

- 1) **General Leave Entitlement.** CAO will grant an eligible employee up to twelve (12) weeks of unpaid leave during any “rolling” twelve (12) month period (measured backward from the date an employee uses FMLA leave) for any of the following reasons.

- (a) The employee’s own serious health condition prevents him or her from performing any one of these essential functions of his or her job;

“Serious health condition” means an illness, injury, impairment, or physical or mental condition that involves (a) inpatient care; or (b) continuing treatment by a health care provider.

- (i) Inpatient care means an overnight stay in a hospital, hospice, or residential medical care facility, including any period of incapacity, as defined by the law, or any subsequent treatment in connection with such inpatient care.
 - (ii) A serious health condition involving continuing treatment by a health care provider requires any one or more of the following:

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

- (1) A period of incapacity of more than three consecutive full calendar days, and any subsequent treatment or period of incapacity relating to the same condition that also involves; (1) Treatment two or more times, within 30 days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse under direct supervision of a health care provider, or by a provider of health care services (e.g. physical therapist) under orders or on referral by, a health care provider; or (2) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of a health care provider.
 - (2) Any period of incapacity due to pregnancy or for prenatal care;
 - (3) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
 - (4) A period of incapacity which is permanent or long-term due to a condition which treatment may not be effective; and

- (b) Birth and care of the employee's newborn child (during the newborn's first twelve months);
 - (c) The placement of a child under the age of 18 with the employee for adoption or foster care, and to care for the newly placed child (during the first twelve months of placement of the child).
 - (d) To care for the employee's spouse, son, daughter, or parent (but not parent-in-law) with a serious health condition; and
 - (e) Any "qualifying exigency" arising out of the fact that the employee's spouse, child or parent is a military member in the United States Armed Forces, Reserves, or National Guard on covered active duty or who has been notified of an impending call or order to covered active duty status ("Military Member").
 - (i) "Covered active duty," for members of the Regular Armed Forces, means duty during deployment of the Military Member with the Armed Forces to a foreign country. "Covered active duty," for members of the National Guard or Reserves, means duty during the deployment of the Military Member with the Armed Forces to a foreign country under a call or order to active duty in support of a "contingency operation," as defined by law.
 - (ii) A "qualifying exigency" exists where one of the following events occurs;

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

- (1) Short-notice deployment. To address any issue that arises from the fact that the Military Member is notified of an impending call or order to covered active duty for a period of seven (7) or less calendar days from the date of the notification;
- (2) Military events and related activities. To attend any official ceremony, program, or event sponsored by the military that is related to the covered active duty or call to covered active duty status of the Military Member, or family support or assistance programs and informational briefings sponsored or promoted by the military, military service organizations, or the American Red Cross that are related to the covered active duty or call to active duty status of the Military Member;
- (3) Childcare and school activities. To attend to certain childcare and school activities that are necessitated by the Military Member's active duty or call to active duty status, such as (1) arranging for alternative childcare; (2) providing childcare on an urgent, immediate need basis (but not on a routine, regular or everyday basis); (3) enrolling in or transferring to a new school or daycare facility; and (4) attending meetings with staff at a school or daycare facility;
- (4) Financial and legal arrangements. To make or updated financial or legal arrangements to address the Military Member's absence while covered active duty or call to covered active duty status;
- (5) Counseling. To attend counseling provided by someone other than a health care provider, for oneself, for the Military Member, or for the biological, adopted or foster child, a stepchild, or a legal ward of the Military Member, or a child for whom the Military Member stands in loco parentis, who is either under age 18, or age 18 or older and incapable of self-care because of a mental or physical disability at the time that FMLA leave is to commence, provided that the need for counseling arises from the covered active duty or call to covered active duty of the Military Member;
- (6) Rest and recuperation. To spend time with a Military Member who is on short-term, temporary, rest and recuperation leave during deployment for up to fifteen (15) calendar days;
- (7) Post-deployment activities. To attend arrival ceremonies, reintegration briefings and events, and any other official ceremony or program sponsored by the military for a period of 90 days following the termination of the Military Member's covered active duty status; and to address issues that arise from the death of a Military Member while on covered active duty status;

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

- (8) Parental Care. To provide certain care to a Military Member's parent who is incapable of self-care, and where each instance of the care provided is necessitated by the Military Member's covered active duty. Covered activities provided to the parent of a Military Member under this provision include: (1) arranging for alternative care for a parent of the Military Member; (2) providing care for a parent of the Military Member on an urgent, immediate need basis; (3) admitting or transferring the parent of a Military Member to a care facility; and (4) attending meetings with staff at a care facility where the parent of the Military Member resides or stays; or
 - (9) Additional activities. To address other events which arise out of the Military Member's covered active duty or call to covered active duty status, provided that CAO and the employee agree that such leave shall qualify as an exigency, and both agree to the timing and duration of such leave.
- 2) Military Caregiver Leave. The FMLA allows an eligible employee who is the spouse, child, parent, or "next of kin" of a Covered Servicemember, to take up to 26 workweeks of unpaid leave during a single 12-month period to care for the Covered Servicemember ("Military Caregiver Leave"). The single 12-month period is measured from the first day of the employee takes such FMLA leave.
- (a) "Covered Servicemember" means:
 - (i) A current member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness ("Current Servicemember"); or
 - (ii) A veteran who: (1) is undergoing medical treatment, recuperation, or therapy for a serious injury or illness; (2) was a member of the Armed Forces (including a member of the National Guard or Reserves); (3) was discharged within the five-year period before the eligible employee first takes FMLA leave to care for him or her; and (4) was discharged or released from the Armed Forces under conditions other than dishonorable ("Covered Veteran"). An eligible employee must commence leave to care for a Covered Veteran within five years of the Covered Veteran's active duty service.
 - (b) For purposes of Military Caregiver Leave, "serious injury or illness" means:
 - (i) In the case of a Current Servicemember, an injury or illness that was incurred by him or her in the line of duty on active duty in the Armed Forces (or that existed before the beginning of his or her active duty and was aggravated by service in the line of duty on active duty in the Armed Forces)

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

and that may render the Covered Servicemember medically unfit to perform the duties of his or her office, grade, rank or rating; and

- (ii) In the case of a Covered Veteran, an injury or illness that was incurred or aggravated by him or her in the line of duty, while on active duty in the Armed Forces, and which manifested itself before or after he or she became a veteran and is:
 - (1) A continuation of a serious injury or illness that was incurred or aggravated when the Covered Veteran was a member of the Armed Forces and rendered him or her unable to perform the duties of his or her office, grade, rank or rating;
 - (2) A physical or mental condition for which the Covered Veteran has received a VA Service Related Disability Rating (“VASRD”) of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for leave;
 - (3) A physical or mental condition that substantially impairs the Covered Veteran’s ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service or would do so absent treatment; or
 - (4) An injury including psychological injury, on the basis of which the Covered Veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
- (c) Important limitation: If an employee does take all of his or her 26 workweeks of leave entitlement to care for a Covered Servicemember during the 12-month period, the remaining part of his or her 26 workweeks of leave is forfeited.
- (d) Maximum duration of leave in any 12-month period: The Military Caregiver Leave is applied on a per-Covered-Servicemember, per-injury, basis such that an employee may be entitled to take more than one period of 26 workweeks of leave if the leave is to care for different Covered Servicemember or to care for the same Covered Servicemember with a subsequent serious injury or illness, except that no more than 26 workweeks of leave may be taken within a single 12-month period.
- (d) “Next of kin:” An employee is “next of kin” of a Covered Servicemember if he or she is the nearest blood relative of the Covered Servicemember (other than the Covered Servicemember’s spouse, parent or child). Unless the Covered Servicemember’s has specifically designated in writing a particular blood relative as his or her nearest blood relative for the purposes of the Military Caregiver Leave, the following is the order of priority used to identify the nearest blood relatives of the Covered Servicemember: (a) blood relatives who have been granted legal custody of the Covered Servicemember; (b) siblings; (c)

grandparents; (d) aunts and uncles; and (e) first cousins. When no such designation is made and there are multiple family members with the same level of relationship to the Covered Servicemember, all such family members shall be considered the Covered Servicemember's next of kin and may take FMLA leave to provide care to the Covered Servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the Covered Servicemember's next of kin.

- (3) FMLA Leave Where Both Spouses Employed by CAO. Spouses who are eligible for FMLA leave and who are both employed by CAO may be limited to a combined total of 12 or 26 weeks of leave, depending on the type of leave, during the applicable 12-month period if the leave is taken for the birth of the employee's child or to care for the child after birth, for placement of a child with the employee for adoption or foster care, to care for the employee's parent with a serious health condition, or to care for a Covered Servicemember with a serious injury or illness.

Computation of Leave

Leave will be granted during a "rolling" twelve (12) month period. Each time an employee takes FMLA leave, the remaining leave entitlement will be the balance of the twelve (12) weeks that has not been used during the immediately preceding twelve (12) months. Two examples are set forth below:

- (1) If an employee has taken eight (8) weeks of FMLA leave during the past twelve (12) months, four (4) weeks of leave remain.
- (2) If an employee used four (4) weeks of FMLA leave beginning February 1, and four (4) weeks beginning June 1, and four weeks beginning December 1, the employee would not be entitled to any FMLA leave until the following February 1, (assuming he or she was otherwise eligible) and then would only be entitled to four (4) weeks of leave.

Intermittent Leave

When medically necessary, an employee may take leave intermittently (a few days or a few hours at a time) for their own serious health condition, to care for an immediate family member with a serious health condition, to care for a Covered Servicemember with a serious injury or illness, or when necessary for "qualifying exigency" leave.

Medically necessary means that there must be a medical need for the leave and the leave can best be accomplished through an intermittent schedule. An employee taking intermittent leave, or leave on a reduced leave schedule, may be required to transfer temporarily to a position for which the employee is qualified, with equivalent pay and benefits, that better accommodates recurring periods of time.

When leave is needed to care for an immediate family member or the employee's own illness, and is for planned medical treatment, the employee must attempt to schedule treatment so as to

minimize disruption to CAO's operations. Employees should consult with CAO prior to scheduling the treatment in order to arrange a schedule that best suits the needs of the employee and CAO. In the case of intermittent leave, the employee is required to notify CAO at least 30 days in advance (or, if not possible, as soon as practical) for each absence.

Pay During Leave

FMLA is unpaid, except as follows:

- (1) Nothing in this policy prevents an employee from applying for Workers' Compensation or Disability Benefits. Leave which is covered by Workers' Compensation or Disability Benefits will be designated as FMLA leave.
- (2) Employees not receiving Workers' Compensation or Disability Benefits will be required to use their accrued paid time off (PTO) and/or sick leave during FMLA leave, and such leaves will run concurrently with the employee's FMLA leave.
- (3) Full-time employees receiving Disability Benefits will be required to use five days of paid vacation, personal and/or sick leave for the first five days of FMLA.
- (4) Where vacation, personal, or sick days are used to receive pay during FMLA leave, those days will be counted as part of the 12 weeks of FMLA leave.

Maintenance of Health Benefits

- (1) CAO will maintain group health insurance benefits for employees on FMLA leave on the same basis as coverage would have been provided if the employee had been continuously employed during the FMLA leave period. Any share of group health plan premiums which had been paid by the employee prior to FMLA leave must continue to be paid by the employee during the FMLA leave period. Arrangements will be made for employees to pay their share of the group health insurance premiums while on FMLA leave.
- (2) If an employee's premium payment is more than thirty (30) days late, his or her group health insurance benefits may be terminated and the employee will be extended continuing coverage opportunities in accordance with the Consolidated Omnibus Budget Reconciliation Act ("COBRA").
- (3) If CAO pays the employee's share of any premium payments, CAO reserves the right to recover the full value of those payments made in any manner permitted by law.
- (4) An employee on approved FMLA leave will be subject to any changes in CAO's group health plan that occur while he or she is on FMLA leave (e.g. changes in coverage, premiums, deductibles).

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

- (5) For all periods when an employee is required to use paid leave (such as sick time or vacation time) concurrently with FMLA leave, benefits that are accumulated on an accrual basis (e.g. personal or sick time) will continue to accrue. No accrual of paid time off (sick or personal time) will occur during any unpaid portion of leave.
- (6) If an employee gives unequivocal notice of his or her intent not to return to work, CAO's obligation to continue group health insurance benefits will cease, subject to COBRA.
- (7) An employee on approved FMLA leave who fails to return to work at the end of his or her leave will be required to reimburse CAO for all premium payments expended by CAO on the employee's behalf during the period of unpaid FMLA leave, unless the reason the employee does not return to work is due to:
 - (a) The continuation, reoccurrence, or onset of a serious health condition of the employee or the employee's spouse, son, daughter or parent;
 - (b) The serious injury or illness of a spouse, son, daughter or parent, or next of kin, who is Covered Servicemember; or
 - (c) Other circumstances beyond the employee's control.

Job Restoration

- (1) Upon return from FMLA leave, an employee will be restored to the position he or she held when the leave commenced or to an equivalent position with equivalent employment benefits, pay and other terms and conditions of employment, unless the employee's employment was, or would have been, terminated for reasons unrelated to the leave (i.e. reorganization, lay off, etc.).
- (2) Under specified and limited circumstances, CAO may refuse to reinstate certain highly paid "key" employees after using FMLA leave. This determination will be made in accordance with applicable law.
- (3) In an employee's need for FMLA ceases prior to the end of the requested leave, the employee is required to promptly return to work. If the employee fails to return to work, the employee will be considered to have voluntarily quit.
- (4) After exhausting the FMLA leave entitlement, an employee must return to work or, if applicable, request additional unpaid leave as an accommodation. Notice and Medical Certification

COMMUNITY ACTION ORGANIZATION OF ERIE COUNTY, INC.
PERSONNEL POLICY HANDBOOK

- (1) Except where leave is unforeseeable, whenever possible and practicable, all employees requesting leave under this policy must submit their request in writing to the Human Resources Office thirty (30) days before the leave is to commence. If an employee fails to provide thirty (30) days notice for foreseeable leave, the leave request may be denied until at least thirty (30) days from the date the employee provides notice.
- (2) Where the need for leave is not foreseeable, the employee must submit a written request as soon as is practicable (normally no later than the next business day after learning of the need for leave).
- (3) Employees seeking FMLA leave may be required to complete and submit medical certification forms to Human Resources Office before the leave is to commence. Failure to provide a completed medical certification form in a timely fashion may result in the delay of the start or denial of leave. An employee who has not provided CAO with the required leave form and, where applicable, the medical certification form, must follow the call-in procedure for each day that he or she is absent from work. Failure to do so shall be considered a no call/no show.
- (4) Upon review of an application for leave and, if applicable, medical certification form, CAO has the right to require the employee to obtain the opinion of a second health care provider. CAO will pay for the examination by the second health care provider, who will be selected by CAO. In the event of a dispute between two medical options, CAO and the employee will choose a third health care provider. The third health care provider will render a binding opinion as to the serious health condition.
- (5) CAO may require an employee to provide periodic medical recertification of his or her condition of the condition of a family member that necessitates the leave.
- (6) CAO may require an employee to provide medical certification of an employee's ability to return to work.
- (7) If it becomes necessary for an employee to take more leave than originally planned, the employee is obligated to give CAO reasonable advance notice of the change in circumstances necessitating such additional leave.
- (8) While on leave, employees must periodically report to CAO the status of their medical condition and their intent to return to work. If an employee gives unequivocal notice of intent not to return to work, CAO's obligation to restore the employee to employment ceases.

If an absence of three (3) or more days is due to an FMLA-qualifying reason, CAO reserves the right to designate that leave as FMLA leave, whether or not the employee requested such designation.

This policy is intended to implement the FMLA and accompanying regulations. To the extent this policy is inconsistent therewith, the FMLA and the regulations will govern.
